Impartiality Policy

ANIS under any circumstances shall not:

- a. Provide any consultancy services which includes- preparation or production of manuals/ procedures or give any sector specific advices/ solutions/ instructions towards development, structure and implementation of any system covered under its scope.
- b. Be engaged in the design, manufacture, supply, installation, purchase, ownership, use or maintenance of the items inspected
- c. Offer inspection services when relationships that threaten impartiality can not be eliminated or minimized
- d. Outsource inspection services to a consulting company involved within the defined scope.
- e. Allocate any audit(s) to auditor(s) who have provided training
- f. Engage in any activity that may conflict with independence of judgement or integrity in relation to inspection services.
- g. Pay auditors/ inspectors on the basis of number of audits/ inspections undertaken.

Any threats to impartiality that are discovered or reported, shall be informed to the Advisory Council (Appeal Committee) for necessary actions.

The inspection and impartiality policy is available on our website.

Effective Date: 10 January 2022
